

October 2018

To the Aarons Landscaping Team,

Highmount Preschool would like to express our sincere thanks and appreciation to Aarons Landscaping for our awesome new playground!

From the initial planning stages, right through to presenting the finished playground, Matt and the whole team were professional and friendly, and went beyond expectations to ensure we were happy and the job was perfect.

Their knowledge regarding regulations for Early Learning Centres and Kindergartens is excellent, and they provided advice and ideas where needed with constant communication throughout the redevelopment.

Our new playground is the result of many years of fundraising by our Kindergarten community, and Aaron's were very understanding and supportive of what it meant to our children to have a brand new outdoor play space.

The Aarons team were super efficient and ensured minimal disruption to our Kindergarten program, with the work completed well within the estimated time frame.

We are thrilled with the service, workmanship and quality materials that Aaron's Landscaping provided, and absolutely highly recommend them.

A huge *THANK YOU* from the Highmount Preschool children, staff and families for all you have done! 😊
